

Hello and welcome!

This is the Fringe Central programme of free curated events for all registered artists and accredited professionals during the Fringe.

This year, the Fringe Central programme is made up of three key strands:

Learn

Events focused on learning something new from one of our partners

Develop

Events focused on professional development, looking beyond the Fringe and making connections

Connect

Sessions focused on connecting with your Fringe community

How to register your interest and attend events?

All of our events are listed on **Fringe Connect**, our year-round digital platform for artists and industry professionals.

We ask that you register your interest to events in advance so that we can contact you with any changes or relevant resources; however, please note that events are first come first served on the day. You will need to have your participant pass to attend.

Who can attend events?

The Fringe Central programme is open to all Fringe artists, accredited professionals and Fringe project participants.

Some events will be for specific user groups so each event will state who this event is for and why you might want to attend.
